#### Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees                                |
|------------------|--|
| DATE OF MEETING: | April 7, 2022                                    |
| ITEM ID #:       | 2636   |
| AGENDA:          | Approval of Bills for the Month of February 2022 |

#### **Background:**

In accordance with New York State Law, the Board of Trustees has sole authority over the expenditure of funds appropriated for library purposes and must have a method in place for the review and approval of all expenditures.

#### **Current Status:**

The Chief Financial Officer submits for approval bills in the aggregate sum of \$3,673,563 being the amount of February 2022 bills vouchered and paid consisting of \$1,386 in Fines & Fees Funds, \$765,041 in City Funds, \$334,419 in Federal & State Funds, \$2,542,212 in Trust & Agency Funds, \$7,199 in Board-Designated & Private Grants Funds, and \$23,306 from the Workers' Compensation Reserve Fund. All expenditures were made in accordance with Budgets and Appropriations approved by the Board of Trustees.

#### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees approve the February 2022 bills in the aggregate sum of \$3,673,563.

#### 3.A.2

### Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees   |
|------------------|---|
| DATE OF MEETING: | April 7, 2022   |
| ITEM ID #:       | 2638  |
| AGENDA:          | Acceptance of Financial Reports for the Period Ending February 2022 |

#### **Background:**

In accordance with Library By-Laws, the Library's financial statements shall be reviewed on a regular basis.

#### **Current Status:**

The Chief Financial Officer submits the Budget Reports attached for Board-approved operating funds and Balance Sheets for all funds as of February 28, 2022.

#### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees accept the Budget Reports for Board-approved operating funds and Balance Sheets for all funds as of February 28, 2022.

## Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees   |
|------------------|---|
| DATE OF MEETING: | April 7, 2022   |
| ITEM ID #:       | 2649  |
| AGENDA:          | Contract Authorization: EC PRISM, to Support the Evaluation of the Librarian-Led Story Time Program |

#### **Background:**

This is an action item seeking approval from the Queens Public Library's Board of Trustees to enter into a contract with the Institute for Child Success, doing business as the Early Childhood Precision, Innovation, and Shared Measurement ("EC PRISM"), to support the evaluation of the librarian-led story time program. The Board's approval is required pursuant to the Library's Procurement Policy, which states, in pertinent part, that contracts for professional services with an annual cost in excess of \$50,000 must be approved by the Library President and CEO and the Board of Trustees.

The Library has received a grant in the amount of \$490,000 from the Robin Hood Foundation. For over thirty years, Robin Hood has been dedicated to lifting families out of poverty throughout the City. It has partnered with over two-hundred fifty non-profit organizations to support food, housing, education, legal services, and workforce development to those living in poverty across all five boroughs.

The Robin Hood grant is from its Power Fund, which is intended to support the Library's efforts to drive economic mobility and address the compounding effects of racial and economic injustice on the communities that it serves. The purpose of the Library's grant from Robin Hood is to increase the Library's kindergarten readiness skills for zero- to five-years-olds, through the evaluation of the impact of early childhood literacy programming and the improvement of data analysis and utilization.

EC PRISM works with early childhood organizations to provide individualized services in areas design, implementation, evaluation, consulting of program measurement, and scale. It provides consultation nationally and across the globe and has worked with the Brooklyn Public Library on the development of its early childhood program, "Brainy Babies." EC PRISM is familiar with the scale of work that the Library does as a large urban library system, and with the diverse populations that it serves. EC PRISM was chosen as a consultant for Robin Hood's Fund for Early Learning grant which, along with the Pritzker Foundation, funded creation of EC PRISM's IMPACT Measurement Tool.

IMPACT Measurement Tool is a research-driven scoring system designed by EC PRISM to look at a program's costs, usability, cultural relevance, and technical merit. EC PRISM's knowledge and experience will uniquely enable it to meet the Library's needs.

#### **Current Status:**

The proposal from EC PRISM of the evaluation of the librarian-led story time program is to support the development of a culturally appropriate measurement and evaluation approach for the Library's story time program.<sup>1</sup> The overarching goal of the approach is to ensure that the program is utilizing the ever-changing data around what children aged 0-5 need. Findings from the evaluation will be used by Library staff to populate an internal data dashboard that can be used to better meet the needs (*e.g.*., cultural, socio-economic) of 0-5 year-olds and their caregivers. The goals of the engagement are to:

- Identify and/or define measurable outcomes relevant to the Library's story time using Library data and feedback alongside local and national models, and report on those findings and work.
- Collaborate with Library staff to develop a theory of impact and an implementation guide to be used by staff during training and program delivery.
- Develop a measurement and evaluation plan and associated tools to collect and track data, with particular attention to appropriateness, feasibility, and likelihood of use in marginalized communities.
- Provide training to staff on the Library's theory of change, implementation guide, and measurement and evaluation plan.

The project approach consists of an assessment of the Library's current measurement and evaluation approach, and a review of research related to story time program models. EC PRISM will gather information from the Library team about the current implementation, measurement, and evaluation approaches to the Library's story time program. Deliverables will include a theory of impact logic model and an internal written report and presentation about findings and recommendations regarding proposed story time program implementation, outcomes, and relevant measures.

EC PRISM will also develop an implementation guide and measurement and evaluation plan for the Library's story time program. The implementation guide will be used for training staff on implementation of the story time program. It will contribute to consistent program delivery across branches to meet programmatic goals. In addition, EC PRISM will create a measurement and evaluation plan for the story time program. The plan will include a survey tool that aligns with the story time outcomes and can be self- administered by story time participants. The tool would be in multiple languages and both physically and virtually

<sup>&</sup>lt;sup>1</sup> The Library's current Procurement Policy, adopted in September 2021, states that the procurement of professional services with an annual cost of more than \$50,000 shall require the issuance of a Request for Proposal ("RFP"); however, a department head may request that the Library President and CEO waive the requirement of an RFP, thus allowing for the selection of a vendor for professional services or leases without competition, or permitting less formal competition than that of an RFP. In conformity with the new Procurement Policy, the Vice President of Programs and Services requested, and received, a waiver of the RFP requirement from the Library's President and CEO. The basis of the waiver was the unique experience and background of the firm providing services—including its pioneering work in developing evaluation tools in this space—as well as its prior successful work with the grantor.

accessible. The plan will also include a framework and guidance on how the community can engage in the evaluation process. EC PRISM will also create a toolkit to track and analyze measurement data in ways that are appropriate for the culturally and linguistically diverse communities that the Library serves. EC PRISM will conduct a half-day training on all materials and the delivery of the program to staff. The cost for the proposed services from EC PRISM is estimated at \$75,000.

EC PRISM has the unique experience of looking at early childhood development data through a New York City-focused lens and applying that data to practical tools. This work closely aligns with the Library's project requirements and will allow the Library to work more efficiently on the depth of the project needs. In addition, EC PRISM submitted a vendor responsibility questionnaire, and a background review by Library staff did not result in any adverse findings.

# **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees authorize the President and CEO to enter into a contract with the Institute for Child Success, doing business as the Early Childhood Precision, Innovation, and Shared Measurement, to support the evaluation of the librarian-led story time program for a term not to exceed a year, at an estimated cost of \$75,000.

#### 3.A.4

### Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees  |
|------------------|--|
| DATE OF MEETING: | April 7, 2022  |
| ITEM ID #:       | 2659   |
| AGENDA:          | Annual Report for Library Systems and Annual Report for Public & Association Libraries |

#### **BACKGROUND:**

The New York State Division of Library Development (DLD) requires that the Library submit an "Annual Report for Library Systems" and an "Annual Report for Public and Association Libraries". The goal is to ensure the citizens of New York receive adequate library services, and to ensure the Library is operating in concert with its Plan of Service. The form, reporting format, and outline of the reports are defined by DLD. All public libraries and public library systems in New York State are required to submit these reports.

#### **CURRENT STATUS:**

The Library has completed the reports and is submitting to the Board for review and acceptance. The Library System is reporting that it operated under its approved Plan of Service in accordance with the provisions of the Education Law and the Regulations of the Commissioner.

#### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees accept the Queens Borough Public Library's Annual Report for Library Systems and Annual Report for Public and Association Libraries.

### Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees                                       |
|------------------|---|
| DATE OF MEETING: | April 7, 2022   |
| ITEM ID #:       | 2655  |
| AGENDA:          | Temporary Employment Services - Contract Authorizations |

#### **Background:**

This is an action item seeking approval from the Queens Public Library's Board of Trustees to amend contracts with Access Staffing, LLC; Professionals for Non Profits, Inc., d/b/a PNP Staffing Group; and Robert Half International, LLC to provide services above the annual discretionary threshold limit of \$50,000 per year. The Board's approval is required pursuant to the Library's Procurement Policy, which states, in pertinent part, that contracts for professional services with an annual cost in excess of \$50,000 must be approved by the Library President and CEO and the Board of Trustees.

#### **Current Status:**

Access Staffing, LLC ("Access Staffing"), Professionals for Non Profits, Inc., d/b/a PNP Staffing Group ("PNP"), and Robert Half International, LLC. ("Robert Half") are firms that specialize in placement of contract, temporary, and direct-hire positions. The Library has from time-to-time used such services to obtain qualified temporary workers to perform work needed by the Library in areas that have specialized needs or to aide in areas that need urgent assistance.<sup>1</sup> More recently, these temporary workers have been retained to assist the Library's Human Resources department with job recruitment services. The Library is presently experiencing an unprecedented staffing need throughout the library system.

<sup>&</sup>lt;sup>1</sup> The Library's current Procurement Policy, adopted in September 2021, states that the procurement of professional

services with an annual cost of more than \$50,000 shall require the issuance of a Request for Proposal ("RFP"); however, a department head may request that the Library President and CEO waive the requirement of an RFP, thus allowing for the selection of a vendor for professional services or leases without competition, or permitting less formal competition than that of an RFP. In conformity with the new Procurement Policy, the Vice President of Human Resources requested, and received, a waiver of the RFP requirement from the Library's President and CEO. The basis of the waiver was the immediate need for services exceeding the annual discretionary threshold of \$50,000, provided that the terms do not exceed twenty-four (24) months and further provided that the Human Resources Department collaborate with the Procurement department to issue an RFP if such services are needed in excess of \$50,000 in subsequent years.

At the beginning of calendar year 2021, the recruitment team was working on an active vacancy count of twenty-five (25) positions. By June of 2021, the number had increased to fifty (50) active vacancies, and by September 2021 the recruitment team was navigating over hundred (100) vacancies. Using temporary workers to assist with recruitment assists the Library in navigating a job market that is presently very competitive.

The Library entered into a contract with each of these firms but has reached or anticipates reaching the annual discretionary threshold limit of \$50,000 per year. The Library is therefore seeking to amend such contracts and increase the maximum annual contract amount to \$100,000 for each of the next two years, so that it may continue to obtain these much-needed services.

Access Staffing has performed well for the Library. A background check did not indicate any adverse findings. According to the City Comptroller's web page, Checkbook NYC, Access Staffing provided \$10,000 in services to the Department of Records and Information Services and over \$300,000 in services as a subcontractor CAMBA, Inc. for the Department of Homeless Services. According to the NYS Comptroller's web page, Open Book, Access Staffing provided over \$500,000 in services to SUNY Stony Brook. Access Staffing has a maximum of twenty percent of the annualized salary as a hiring fee.

PNP, a NYS and NYC WBE firm, has performed well for the Library and has been awarded separate staffing temporary staffing contract by the Queens Library Foundation. A background check did not indicate any adverse findings. According to the City Comptroller's web page, Checkbook NYC, PNP provided over \$400,000 in services to various city departments and colleges. PNP has a maximum of twenty-five percent of the annualized salary as a hiring fee.

Robert Half has performed well for the Library, and a background check did not indicate any adverse findings. According to the City Comptroller's web page, Checkbook NYC, Robert Half provided over \$200,000 in services to CUNY. According to the NYS Comptroller's web page, Open Book, Robert Half provided over \$1,000,000 in services to the Office of General Services and the SUNY Health and Science Center in Brooklyn. Robert Half has a maximum of twenty-five percent of the annualized salary as a hiring fee.

#### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees authorize the President and CEO to amend the respective contracts with Access Staffing, LLC; Professionals for Non Profits, Inc., d/b/a PNP Staffing Group; and Robert Half International, LLC for the purposes of increasing the maximum annual contract amount to \$100,000 for the next two years for their services.

## Queens Library Board/Committee Item

| BOARD/COMMITTEE: | Board of Trustees  |
|------------------|--|
| DATE OF MEETING: | April 7, 2022  |
| ITEM ID #:       | 2658   |
| AGENDA:          | Lyngsoe Systems, Inc Automated Materials Handling System and<br>Maintenance Sole Source Contract Authorization |

#### **Background:**

This is an action item seeking approval from the Queens Borough Public Library's Board of Trustees for the Library to enter into contracts with Lyngsoe Systems, Inc. ("Lyngsoe") for Automated Materials Handling Systems and Maintenance. The Board's approval is required pursuant to the Library's Procurement Policy, which states, in pertinent part, that sole source contracts for equipment may occur without formal competitive bids if only one vendor can supply the commodities or services required by the Library. In these instances, the Vice President of Procurement shall negotiate best pricing and approval shall be subject to the Library President and CEO and the Board of Trustees, and the selection criteria shall be noted with the minutes of the Board of Trustees meeting in which the sole source purchase was authorized.

The Library's self-check-in and automated materials handling ("AMH") system enables its patrons to securely return materials twenty-four hours a day, seven days a week; provides a multi-language interface; automates the return process; and reduces the demand for Library staff resources during the materials return process.

Lyngsoe (formerly known as FKI Logistex) is the vendor that has been proving the Library with its AMH system equipment. At the outset of the AMH system integration initiative, Lyngsoe was selected as the result of a Request for Proposals issued by the Library and upon the approval of the Board of Trustees. However, to advance this project, the Library sought and ultimately obtained funding from New York City, which required that it issue its own competitive solicitation on behalf of the Library for the AMH system. Following the City's solicitation, the City selected and entered into a contract with Lyngsoe for the AMH system equipment, which contract expired on November 30, 2015.

The Library and Lyngsoe also have a separate preventive maintenance service agreement whereby Lyngsoe provides software upgrades, technical support, and a 24/7 hotline to assist the

Library with troubleshooting software and hardware issues. As part of the preventive maintenance program, Lyngsoe sends its technicians to help service the Library AMH system at least once per site annually. The Library currently has Lyngsoe AMH systems installed in sixty locations.

The Library Board of Trustees approved a five-year purchasing agreement with Lyngsoe at its October 27, 2016 meeting. This agreement expired on January 17, 2022. The Library also entered into a five year technical and maintenance services agreement set to expire on July 1, 2022.

#### **Current Status:**

At the request of the Library's Information Technology and Development ("ITD") department, the Procurement department worked collaboratively with ITD to negotiate best pricing with Lyngsoe for new equipment and maintenance services.

One immediate result of discussions with the Library's negotiating team was that Lyngsoe agreed to continue to extend its pricing for newly-developed equipment to all contractors providing work to Library projects, including DDC-managed projects.

Under the 2017 agreement, Lyngsoe's product discount for newly-developed equipment was seventeen percent; Lyngsoe is now offering the Library a twenty percent discount for newly-developed products. Further, under the 2017 agreement the pricing for existing exterior/interior AMH systems were \$106,639/\$79,815, respectively; Lyngsoe has now agreed to pricing for those systems at \$56,507/\$46,885, respectively. Lyngsoe has also agreed to remove recycling fees for old equipment, which previously ranged from \$500 to \$1,500 per machine. Attached are details for the pricing of all of Lyngsoe's equipment, which shall remain in effect for the full five-year term.<sup>1</sup>

Under the prior 2017 maintenance services agreement, the annual cost per location was \$7,550; at sixty locations, the cost was \$453,000 per year plus the cost of replacement parts. As a result of the original discussions with the Library's negotiating team, Lyngsoe submitted a proposal to maintain the \$7,550 per location price. As a result of follow-up discussions with the Library's negotiating team, Lyngsoe agreed to submit a proposal that lowers the first year price to \$6,995 per location. The chart below details the pricing structure for each year and the five-year savings of \$80,820.

<sup>&</sup>lt;sup>1</sup> Lyngsoe has also agreed to repurchase book trolleys from the Library for up to fifty percent of their original sales price. At the outset of the COVID-19 pandemic, when public health authorities were uncertain about the means of transmission of the virus, many library systems around the country quarantined returned books for set amounts of time. During this period, the Library purchased a significant number of book trolleys from Lyngsoe to provide a physical means for quarantining books. With changes to public health guidance, and no need to quarantine physical materials, the Library now has a surplus of book trolleys that are not being used.

|   | Price Per Location<br>Per YearAnnual cost for<br>60 Locations |           | Originally Proposed<br>Pricing | Savings   |
|---|---|-----------|--------------------------------|-----------|
| 1 | \$6,995   | \$419,700 | \$453,000                      | \$33,300  |
| 2 | \$7,135   | \$428,100 | \$453,000                      | \$24,900  |
| 3 | \$7,278   | \$436,680 | \$453,000                      | \$16,320  |
| 4 | \$7,423   | \$445,380 | \$453,000                      | \$7,620   |
| 5 | \$7,572   | \$454,320 | \$453,000                      | \$(1,320) |
|   |   |           | Five Year Savings:             | \$80,820  |

Lyngsoe provides a dedicated full-time technician to maintain the Library's system under the maintenance agreement. The maintenance agreement also provides the ITD department the option of updating sixty-five Windows XP machines to Windows 10 and seven Windows 7 machines to Windows 10 at a cost of \$258,135. In addition, the proposal provides the Library ITD department the option for additional software upgrades at a cost of \$74,250.

The Lyngsoe AMH has been an integral part of Library operations for over ten years. Its pricing for new equipment and for maintenance services is fair and reasonable. Lyngsoe has performed well for the Library and a background check did not reveal any adverse findings.

### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees authorize the President and CEO to execute a sole source agreements with Lyngsoe Systems, Inc. for as-needed new equipment and maintenance services, at the rates set forth herein.

| ITEM ID #:       | 2657                      |
| AGENDA:          | Naming Recognition Policy |

#### **Background:**

The Library's Recognition/Naming Policy was last revised and approved by the Library's Board of Trustees in June 2003. That policy was limited in scope, setting forth naming opportunities for donors who provide the entire sponsorship for a capital improvement, collection or service program, or otherwise donate over \$500,000, and specifically excluding naming for government or public funding sources. The policy also specified that Libraries must retain the name "Queens Library" and Library spaces must retain their functional title, in addition to any donor name.

#### **Current Status:**

The Library's General Counsel, with input from the Foundation's Executive Director, has revised the Recognition/Naming Policy to provide more comprehensive guidance on the parameters of donor naming opportunities.

The revised "Naming Recognition Policy" retains certain core elements from the existing policy, e.g., the (1) naming opportunities for buildings, facilities collections and programs, (2) exclusion of naming for government and public funding sources, and (3) the requirement that Library retain the title "Queens Public Library" and spaces retain their functional title, and provides the following additional guidance:

- Additional types of naming opportunities:
  - capital campaign gifts under 100% of the cost of the project, to accommodate gifts from donors with varying capacities for giving;
  - meritorious service, for individuals who have provided significant nonmonetary service to the Library;
  - in-kind gifts of a collection of books, artwork, ephemera, or other items of cultural or historical significance, provided that it includes a monetary donation to support the upkeep of such collection.

- Additional policy provisions:
  - the Library may only accept endowment gifts with a minimum amount of \$1 million;
  - the Library may terminate naming if the named individual or entity is engaged in activities that would negatively impact the reputation of the Library, in the opinion of the Library and Foundation Boards;
  - any agreement for naming through a philanthropic gift must be memorialized in a written gift agreement between the donor and the Foundation. Naming agreements may be executed only after the Library and Foundation boards have accepted the naming proposal.

The Naming Recognition Policy was previously submitted for consideration to, and approved by, the Queens Library Foundation's Board of Directors on March 15, 2022.

### **Recommended Motion for Consideration by the Board of Trustees:**

I move that the Board of Trustees adopt the Naming Recognition Policy, as set forth in the attachment.

| 2022 Draft                |  |
|---------------------------|--|
| NAMING RECOGNITION POLICY |  |
|                           |  |

The Queens Borough Public Library ("Queens Public Library" or "Library") has a public trust to preserve that arises from its mission and values and its use of public funds. Queens Public Library policies regarding the naming of its branch libraries, rooms, spaces, gardens, areas, and system-wide programs and initiatives in recognition of individual, foundation, and/or corporate contributors, shall reflect its mission and values to transform lives by cultivating personal and intellectual growth and providing free information, programs, and services that are open to all. Naming recognition opportunities shall be provided to recognize substantial gifts made by individual, foundation, and/or corporate donors to the Queens Public Library Foundation ("Foundation"). Donations or grants provided by government or public funding sources to Queens Public Library shall not be eligible for naming recognition.

The Trustees Manual and the Queens Borough Public Library Policies and Procedures Manual both contain sections entitled the *History of the Queens Borough Library* and the *Origin of Library Community Names*. They clearly establish the Board of Trustees' historical and firmly settled practice of naming a library branch after the community it serves, its geographic location, or a similar geographic nexus, upholding that public trust and honoring the universality of its mission to all Queens communities. The Board of Trustees may choose to name sections of Library facilities according to certain conditions.

Accordingly, the Naming Recognition Policy of the Queens Public Library, as mandated by the Board of Trustees, is as follows:

#### **Buildings and Facilities**

Queens Public Library branches shall only be named "Queens Public Library," followed by the geographic area in which the building is located or after the community it serves, *e.g.*, Queens Public Library Jackson Heights.

Rooms, areas, and other interior spaces of libraries may be named to recognize a significant contribution by a donor, but the public function of the area shall be retained as part of the named unit—e.g., the Smith Adult Learning Center or "Adult Learning Center, provided through the generosity of John V. Smith"; "Marie B. Jones Quiet Room" or "Quiet Room, provided through the generosity of the Jones Foundation."

Naming rights for facilities may be granted to recognize a substantial contribution to the Foundation. Contributions may include:

• A capital campaign gift to help cover the costs of construction, renovation, restoration, or outfitting. A comprehensive list of "naming opportunities" for a capital campaign will be developed, with opportunities representing a percentage of the costs of the proposed named

area in proportion to the costs of the entire facility; the visibility of the named space would also be factored into pricing. These naming opportunities would be priced to accommodate gifts from donors with varying capacities for giving.

- A significant gift of \$500,000 or more which may be made for either operational or capital purposes, depending on donor intent. This includes endowments of \$1M or more.
- A bequest of \$500,000 or more, which may be made for either operational or capital purposes, depending on donor intent.
- Meritorious service, for individuals who have provided significant non-monetary service to the Library.

The naming of a Library facility, room, area, or other space will generally last for the useful life of the space. The naming will end when: (1) the facility, room, area or other space is rebuilt, remodeled, expanded, or restored; or (2) the facility, room, area, or other space is demolished or no longer in use.

## **Collections and Programs**

A Collection may be named after a donor when (1) the donor makes a gift that is sufficient to create and maintain the collection, and that meets the Library's criteria and minimum endowment amount of \$1M or more, or (2) the donor makes an in-kind gift of a collection of books, artwork, ephemera, or other items of cultural or historical significance that will benefit the Library and its patrons. Whenever possible, an in-kind gift of a collection should include a monetary donation to support the upkeep and maintenance of the collection.

In cases where the funder wishes to name and endow a library program or service, the donation should be sufficient to provide income to cover the annual cost of the program, including staffing. The donor may choose to endow the program system-wide or at a particular Library location. The size of the principal named endowment will therefore be determined by the yearly interest income necessary to produce an annual payout sufficient to fund annual program operations. The name of the program will be retained with the donor's name, *e.g.*, The Wilfred Brown STACKS Afterschool Program, or STACKS Afterschool Program generously provided by Wilfred Brown. In the case of an endowment, recognition will last for the life of the supported program.

#### **Gift Agreements for Naming Recognition**

All agreements for naming through philanthropic gifts shall be memorialized in writing in a gift agreement between the donor and the Foundation. This gift agreement shall detail the terms of the gift, including the designation of the gift (restricted or non-restricted, operational or capital), the length of a pledge, the timing of pledge payments, the naming opportunity, consistent wording and signage, the life of the naming opportunity, the minimum percentage of gifts to be paid prior to recognition, and other mutually agreed upon conditions made in accordance with the Library's Gift Acceptance and Naming Recognition Policies. Naming proposals shall be approved by the Foundation Board of Directors and the Library Board of Trustees before an agreement may be signed.

#### **Other Naming or Sponsorship Opportunities**

The Foundation may provide other opportunities to recognize lower-dollar value gifts from individuals, foundations, and corporations. The approval of these, and other, lower-dollar value

naming or sponsorship opportunities shall not be required by the Boards of the Library or Foundation:

- Gardens and exterior spaces may be sponsored, but not named, by an individual, foundation or corporate donor. The size of such gifts, and the length of sponsorship, shall depend on the size, landscaping, and maintenance costs of individual Library gardens.
- Ongoing or special programs may be sponsored for a specific period of time by a corporate or foundation donor.
- Individual library shelves at community libraries may be named in honor of or in memory of a specific donor.
- Buy a Book, Buy a Brick, or Buy a Seat campaigns may offer naming opportunities as part of a larger campaign.

## **Termination of Naming**

For all naming agreements, including but not limited to Library buildings, facilities, collections or programs, the Library reserves the right to end the naming where the named individual/foundation/corporation is engaged in activities that conflict with the Library's mission or values or is involved in disreputable or criminal activities that would negatively impact the reputation of Queens Public Library, as determined by the Library's Board of Trustees and the Foundation's Board of Directors.

Revises: June 2003 Policy & Procedures Section A, #6

| POLICY & PROCEDURE MANUAL        | SECTION A, #6  |
|----------------------------------|--|
| <b>RECOGNITION/NAMING POLICY</b> | ISSUED: JUNE 2003<br>ADMINISTRATIVE OFFICE<br>Approving Authority: Board of Trustees |

## POLICY

The Queens Borough Public Library has a public trust which flows from its mission and use of public funds. Its policies and procedures regarding the naming of library branches, rooms or wings of branches, collections, books and service programs in recognition of individual and/or corporate contributors shall reflect its mission to serve the entire community of Queens as equitably as possible and protect its public trust.

The Trustees Manual and the QBPL Policies and Procedures Manual both contain sections entitled the *History of the Queens Borough Library* and the *Origin of Library Community Names.* They clearly establish the Board of Trustees' historical and firmly settled practice of naming a library branch after the community it serves, its geographic location, or a similar geographic nexus, upholding that public trust and honoring the universality of its mission to all Queens communities. The Board of Trustees may choose to name sections of Library facilities according to certain conditions.

Accordingly, the Naming/Recognition policy of the Queens Borough Public Library, as mandated by the Board of Trustees, is as follows:

- 1. A branch shall only be named "Queens Library," followed by the geographic area in which the building is located or after the community it serves;
- 2. Rooms or wings, and other interior and exterior spaces of libraries may be named only for the function of the area, e.g., the "Children's Room," the "Adult Learning Center," or the "Quiet Room" with a donor's name if the area is significantly remodeled, rebuilt, expanded, or restored by a private donor who has contributed 100% of the costs of such capital improvement. However, the public function of the area shall be retained as part of the named facility; i.e., the Smith Adult Learning Center or "Adult Learning Center/ provided through the generosity of John V. Smith"; "Marie B. Jones Quiet Room" or "Quiet Room provided through the generosity of the Smith Foundation;"
- 3. The Board may consider naming rights of other spaces that are a part of the library's tax-supported construction schedule if a donor contributes the equivalent sum detailed above to the Library's general endowment or its Futures Fund.
- 4. Naming recognition may also be considered when a major contribution of more than \$500,000, constituting more than 50% of a capital improvement is provided by a donor to match other available government or private funding.

- 5. Naming recognition shall continue for the life of the capital improvement or donation given and shall cease at its completion. At the Board's discretion, acknowledgement on a separate plaque or wall may be continued for a greater term or in perpetuity after the life of the gift is completed.
- 6. "Adoption" of a Branch shall constitute a significant financial contribution to the improvement or restoration of the branch that is critical to the function of the entire branch. Examples are: repair of a façade, enlargement of program space, restoration of a room, replacement of a roof, restoration of art work, replacement or upgrade of a boiler or other major component. The donor's "adopting" of the branch can be recognized on a prominent plaque within the branch for a period commensurate with the capital improvement.
- 7. A Collection may be named after a donor, when the funding is sufficient to create and maintain the collection, and it meets the Library's criteria.
- 8. Shelves of books may be named in recognition of a donor by placing a plaque on the relevant shelf for the life of the books.
- 9. Book donors will be recognized by placing a bookplate in the new books for the life of the book.
- 10. Service Program donors who sponsor or adopt an entire program period will be recognized by placing a plaque in the service area within the facility, acknowledging their sponsorship, for the life of the grant.
- 11. In cases where the funder wishes to name and endow an existing library program, or service in perpetuity, the yearly cost of the entire program, including staffing, will be calculated as the yearly income necessary to be provided. The size of the principal named endowment will therefore be determined by the yearly interest income produced to fund yearly program operations. The name of the public program will be retained with the donor's name: i.e., The Wilfred Brown Teen Net Mentor Program, or Teen Net Mentor Program generously provided by Wilfred Brown. In the case of an endowment, recognition will last for the life of the supported program.
- 12. Naming shall not be done for government or public funding sources.
- 13. Naming proposals for any interior or exterior space shall be formalized in writing with the donor and then submitted to the Board of Trustees for their approval. Only the Board of Trustees may grant this approval.

Revises: July 1998 Policy & Procedures Section A, #6

| BOARD/COMMITTEE: | Board of Trustees                 |
|------------------|-----------------------------------|
| DATE OF MEETING: | April 7, 2022                     |
| ITEM ID #:       | 2656                              |
| AGENDA:          | Purchases Over \$50K - March 2022 |

#### **Current Status:**

Pursuant to the Library's Procurement Policy, as revised in September 2021, the Procurement Department shall submit to the Library's Board of Trustees a report of all Library, Foundation, and capital purchase orders issued and valued at more than \$50,000, which includes the vendor name, dollar value, description, and transaction type-*i.e.*, government contract, requirements contract, technical service, exceptions.

This report covers purchase orders for the period from March 1, 2022 through March 31, 2022.

#### <u>Library:</u>

- 1. **Dell Marketing L.P.** was issued a purchase order in the amount of \$67,883.80 under its NYS OGS contract for sixty-two Dell Latitude 5520 laptops for system-wide use.
- 2. Insight Public Sector was issued a purchase order in the amount of \$229,404.23 under its NYS OGS contract for three hundred and seventy-nine Microsoft Surface Laptops and four hundred surface notebook sleeves for Queens Public Library's workforce readiness and digital inclusion program. The laptops will be loaned out to patrons as part of the Library's mobile hot spot program via the Job and Business Academy.
- 3. Cameron Engineering & Associates LLP was issued a statement of work ("SOW") under its engineering professional services requirements contract in the amount of \$219,545 to support the specification development, installation, and commissioning of rooftop heating and cooling equipment for Flushing.
- 4. Kone, Inc. was issued a purchase order in the amount of \$78,672.30 under its emergency contract for elevator and lift equipment preventive and corrective maintenance for system-wide elevators for monthly services for a portion of October and November

- 5. RightStar Systems Inc. was issued a purchase order in the amount of \$72,120.44 under its federal GSA contract for annual BMC Remedy software maintenance and support. BMC Remedy software is the Library's service request management system that is used by IT and numerous other offices including Investigations & Security, FES, Central Circulation Services, Community Library Services, Shipping & Distribution Services, Acquisitions, Collection Development, Metadata Services and Preparations to log, track, and manage service requests and inquiries submitted by staff and library customers.
- 6. Dell Marketing L.P. was issued a purchase order in the amount of \$199,094.84 under its NYS OGS contract to renew the Library's annual subscription to the existing Microsoft 365 user licenses. MS 365 licenses provide system-wide user access to MS products such as Outlook, the Office Suite of products, SharePoint, One Drive, Teams, OneNote, etc.
- 7. Universal Protection Service, LLC., dba Allied Universal to provide security guard services was issued a purchase order revision adding \$502,817 in funds to provide security guard service under its requirements contract. The total for the purchase order is \$2,133,169.19.
